PREFACE

The Public Sector Development Programme (PSDP) 2026–27 has been formulated to translate the Government of Balochistan’s development vision into tangible outcomes by promoting inclusive, sustainable, and resilient economic growth. It prioritizes strategic investments in critical public infrastructure, productive sectors, and essential social services, including health, education, and sports, while emphasizing climate resilience, renewable energy development, environmental sustainability, and employment generation. Through targeted interventions, the Programme seeks to strengthen service delivery, expand economic opportunities, promote green growth, create jobs, and improve the overall quality of life across the province.

Building on the stabilization achieved under PSDP 2025–26, the 2026–27 Programme further broadens its focus on sectors with high potential for employment and livelihood generation, improved access to public services, and enhanced living standards. In view of the province’s significant youth population, special attention has been given to higher education, health, skills development, sports, and tourism to support meaningful youth engagement and development.

The PSDP 2026–27 also places strong emphasis on social inclusion and human development through targeted interventions for the poor, elderly, women, young girls, and persons with disabilities. These measures are designed to reduce inequalities, strengthen social protection, and enhance resilience against economic and environmental shocks, while remaining aligned with the Sustainable Development Goals (SDGs) and the 2030 Agenda for Sustainable Development.

The formulation of the Programme reflects a coordinated effort of the Planning and Development Department, the Finance Department, and all line departments under the guidance of the Hon’ble Chief Minister Balochistan. Appreciation is extended to all officers and staff whose professionalism and dedication contributed to its preparation. It is expected that the same spirit of collaboration and commitment will continue during implementation, ensuring effective execution and maximizing the Programme’s impact on sustainable economic growth, employment generation, climate resilience, improved public service delivery, and the socio-economic well-being of the people of Balochistan.

ZAHID SALEEM
ADDITIONAL CHIEF SECRETARY (Dev:)
